

## Book Detail

**[UKAL-12443] Wilson, Jeff. 101 More Track Plans for Model Railroaders : Track Plans for N, HO, and O Scale Model Railroads .** Waukesha, WI, USA: Kalmbach Books, 2010. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247761. 88 pages colour & b/w photos - Featuring plans from Model Railroader magazine from three decades, each of the 101 track plans has a newly written, informational description of the design. The track plans range in size from simple 4 x 8 foot and smaller layouts to room- and garage-sized showpieces, with the majority focusing on mid-size layouts. \$33.00

**[UKAL-12012] Westcott, Linn H.. 101 Track Plans for Railroaders - Track Plans for N HO S and O Scale Model Railroads .** Waukesha, WI, USA: Kalmbach Books, 2008. Reprint. Soft Cover. New / No Jacket. ISBN: 9780890245125. 72 pages profusely illustrated b/w photos - Easy-to-use plans in every size, shape and scale -- from tiny card-table layouts to giant garage-size railroads. Demonstrates how to design a railroad to fit any space, shows how to convert plans to N, HO, S, and O scales. \$33.00

**[UKAL-12498] Various. 25 Freight Car Projects.** Waukesha, WI, USA: Kalmbach Books, 2016. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002783. 104 Pages with Colour Photos. This book contains all-new material from a star-studded roster of Model Railroader authors - Tony Koester, Mont Switzer, Cody Grivno, Jeff Wilson, James McNab, Keith Kohlmann. In 25 Freight Car Projects, modelers will find a wide variety of modeling techniques and ideas. With a focus on HO and N scales, this book provides step-by-step photos and instructions to show readers how to model a range of freight cars. It features: 25 all-new projects, 6 well-known model railroading authors - Tony Koester, Mont Switzer, Cody Grivno, Jeff Wilson, James McNab, Keith Kohlmann. Projects for boxcars, flatcars, hoppers, gondolas, and other freight cars \$39.50

**[UKAL-12496] Kempinski, Bernard. 45 Original Track Plans.** Waukesha, WI, USA: Kalmbach Books, 2015. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002158. 96 Pages with Colour Photos. This book features 45 original track plans created by respected author Bernard Kempinski. None of these track plans have been published before, so modelers will get an exclusive look at all-new material. Plans include: A variety of scales, including HO, N, S, and O. A variety of portrayed locations, with many from the east coast of the United States. Room-sized plans to those that fill a basement or garage. \$39.50

**[UKAL-12465] Wilson, Jeff. 50 Ways to a Better Looking Layout.** Waukesha, WI, USA: Kalmbach Books, 2013. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248195. 96 pages 250 colour photos - New detailing projects from Jeff Wilson, plus favorites from the pages of Model Railroader, help modelers add the finishing touches to their layouts and create a higher level of interest and realism. Projects range from adding weeds to creating signs and billboards, and all can be completed easily in an evening or weekend. Key areas covered include structures, scenery, vehicles, locomotives and rolling stock, and more. \$36.00

**[PPB03] Freezer, Cyril J.. 60 Plans for Small Locations - the Railway Modeller Book of.** Seaton, Devon, UK: Peco Publishing, 2007. Reprint. Soft Cover. New / No Jacket. ISBN: 0900586257. 32 pages b/w illustrations - The 5th edition of this classic track plan book brought right up to date with completely re-drawn plans, taking into account the changes that have taken place since first published in 1989. The plans are designed for limited space, around 8ft by 6ft, and include L-shaped portable layouts and terminus situations. Each plan has a description outlining the scope of each layout \$8.55

**[P-15] Not Stated. Adding the Background No. 15 - Shows You How Series.** United Kingdom: Peco Publications, 2008. Reprint. Soft Cover. New / No Jacket. 8 pages colour photos - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - and provide much valuable information, each on a particular aspect of the hobby. \$2.50

**[AEFP-0011] Not Stated. Atlas HO Layouts for Every Space .** New Jersey, USA: Atlas Model Railroad, 2008. Revised. Soft Cover. New / No Jacket. 56 pages profusely illustrated b/w photos - 11 layouts to suit your taste & space - shortcuts & guidelines - planning your railroad - track diagrams - wiring your layout \$11.20

**[UKAL-12448] Polsgrove, Mike. Basic DCC Wiring for Your Model Railroad : A Beginner's Guide to Decoders, DCC Systems, and Layout Wiring.** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247938. 54 pages colour photos - Get started with Digital Command Control (DCC)! This how-to guide covers the basics, with an overview of DCC, track wiring, cab bus wiring, and converting an existing layout to DCC. Written by Mike Polsgrove, Model Railroader s columnist on DCC. \$29.00

**[UKAL-12484] Wilson, Jeff. Basic Painting & Weathering for Model Railroaders : Second Edition.** Waukesha, WI, USA: Kalmbach Books, 2014. Second Edition. Soft Cover. New / No Jacket. ISBN: 9780890249550. 88 pages colour photos - Any modeler who wants to paint, decal, or weather locomotives, rolling stock and structures will find plenty of in-depth, how-to techniques in this updated edition! New prototype photos, current manufacturers, and the latest products are featured along with several new projects that include making your own decals with an inkjet printer and a multi-color painting project for a locomotive. - Contains basic-through-advanced techniques for airbrushing, brush-painting, decaling, and weathering - Includes tips on how to add graffiti, placards, and other decal details - Features how-to information for using chalks, acrylic paints, and oil colors \$36.00

**[UKAL-12233] Sassi, Lou. Basic Scenery for Model Railroaders - the Complete Photo Guide.** Waukesha, WI, USA: Kalmbach Books, 2002. Reprint. Soft Cover. New / No Jacket. ISBN: 0890244227. 96 pages profusely illustrated b/w and colour photos - Gives you simple solutions needed to build scenery for a layout of any size or scale. Clear, concise instructions and over 200 step-by-step color photographs and diagrams demonstrate quick and easy, yet effective techniques for adding realistic scenery elements to your model railroad. You'll learn how to : -Prepare and apply ground covering to various landscapes. -Model various types of trees and woodlands. -Create streams, ponds and swamps.- Construct roadways.-Build and install small but effective trackside details. A number of these instructions are presented as "one-evening" / projects that can be completed in the course of an evening or any other time you have a few hours. An essential reference that makes it easy for you to build extraordinary scenery! \$39.20

**[UKAL-12482] Sassi, Lou. Basic Scenery for Model Railroaders : Second Edition.** Waukesha, WI, USA: Kalmbach Books, 2014. Second Edition. Soft Cover. New / No Jacket. ISBN: 9780890249468. 96 pages colour photos - Keep modelers up to date on the latest scenery products and materials with this freshly updated edition. New material on foam scenery and concrete roads as well as many new projects teach modelers how to apply a basic layer of scenery to their layout. Modelers will learn how to form ground terrain, add varieties of ground cover, build trees, and add details such as rocks, dirt and paved roads, water effects, signs, and more.- Techniques are geared toward beginner to intermediate modelers - Step-by-step photos and drawings are included for each technique as well as full-color photos of the finished scenes - Lou Sassi is a well-known modeler whose work has appeared in Model Railroader and Great Model Railroads, and has authored several books \$36.00

**[UKAL-12258] Wilson, Jeff. Basic Structure Modeling for Hobby Railroaders - the Complete Photo Guide.** Waukesha, WI, USA: Kalmbach Books, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 0890244464. 88 pages profusely illustrated b/w and colour photos - Learn the reasons for including structures on your layout, then select and build the your own! Photo driven projects demonstrate the tools, materials, and techniques used when modeling plastic or wood structures. Offers techniques for realistic finishing, including painting, weathering, sign making, interior detailing, and more. \$35.00

**[UKAL-12479] Wilson, Jeff. Basic Trackwork for Model Railroaders - the Complete Photo Guide Second Edition.** Waukesha, WI, USA: Kalmbach Books, 2014. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249383. 88 pages profusely illustrated b/w and colour photos - Don't get derailed! Get up to speed on the latest advancements in trackwork with the one book that focuses solely on proper track installation, Basic Trackwork for Model Railroaders, 2nd Edition. Freshly updated to showcase the newest products, current manufacturers, and the latest techniques, this new edition shows you how to: - Lay flextrack - Handlay track - Install turnouts and switch machines - Use all-in-one and other sectional track - Install subroadbed - Ballast and detail track. \$36.00

**[UKAL-12800] Grivno, Cody. Beginner's Guide to Locomotives & Rolling Stock.** Waukesha, WI, USA: Kalmbach Books, 2017. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002998. 96 Pages with Colour Photos and Drawings. Keeping locomotives in good condition is critical to smooth operation on a model railroad. In the newest Essentials Series book by Cody Grivno, Beginner's Guide to Locomotives and Rolling Stock, modelers will learn: How to choose, buy, and maintain locomotives, freight cars, and passenger cars with a focus on HO and N scales. How to perform basic maintenance and simple upgrades using detail parts, new couplers and new wheels. The basics about steam and diesel locomotives and freight cars. \$38.00

**[IR759] Wright, Tony. Building 4mm Loco Kits - Model Railway Handbook No. 11.** Clophill, Bedfordshire, England: Irwell Press, 1998. First Edition. Soft Cover. New / No Jacket. ISBN: 1871608759. 76 pages b/w photos - Always the most popular aspect of railway modelling, the construction and running of model locomotives is critically described and illustrated in this latest Model Handbook. Tony Wright has a long pedigree in building 4mm locomotives and has been for some time a regular contributor on such matters to the model railway press. A whole range of examples are described from the diminutive 0-4-0s to full blown Pacifics, pre-grouping to B.R. Standards. Constructional methods are examined in etched brass, sheet metal, cast metal and resin and include examples of composite kits and modifications. Aided by colleagues to give a wider range of prototypes and liveries, the writer presents a lavish, professionally illustrated selection of locos built from the kits of S.E. Finecast, Coopercraft, D.J.H., Model Loco, Crownline, Alan Gibson, Comet, Pro-Scale, Jamieson, Nu-Cast and many more. The thorny problem of painting, lining and lettering is described by professional model painter Ian Rathbone, though simple painting methods are also considered by the author. All in all, a must for kit lovers everywhere. \$32.95

**[P-08] Burchell, Bryan . Building a OO Gauge Garden Railway No. 8 - Shows You How Series.** United Kingdom: Peco Publications, 1970. Reprint. Soft Cover. New / No Jacket. 8 pages b/w illustrations These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike \$2.30

**[P-02] Not Stated. Building Baseboards No. 2 - Shows You How Series.** United Kingdom: Peco Publications, 2007. Reprint. Soft Cover. New / No Jacket. 8 pages colour illustrations These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - covers sectional baseboards - step by step construction - baseboard supports - incorporating gradients \$2.50

**[UKAL-12487] Rice, Iain. Compact Layout Design.** Waukesha, WI, USA: Kalmbach Books, 2015. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249963. 96 Pages with Colour Photos. Compact Layout Design helps modelers integrate all aspects of layout design for compact spaces into one process from benchwork to budgeting. Author Iain Rice presents the material in a practical, conversational tone and aids understanding with his beautiful hand-drawn track plans. The book provides ideas and inspiration to efficiently plan for people, trains, and space. \$38.00

**[P-16] Not Stated. Creating the Backscene No. 16 - Shows You How Series.** United Kingdom: Peco Publications, 2008. Reprint. Soft Cover. New / No Jacket. 8 pages colour photos - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - selecting the appropriate media - viewpoint

and perspective - creating the effect of distance - blending backscenes with models \$2.50

**[P-10] Not Stated. Curing TV Interference - Second Series No.10 - Shows You How Series.** United Kingdom: Peco Publications, 1970. Reprint. Soft Cover. New / No Jacket. 8 pages b/w illustrations These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike \$2.10

**[P-20] Not Stated. DCC Decoder Installation No. 20 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 16 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - fitting plug in decoders - converting older locomotives - selecting the right decoder - installation guidelines \$3.60

**[UKAL-12441] Polsgrove, Mike & Popp, David. DCC Projects & Applications - Volume 2.** Waukesha, WI, USA: Kalmbach Books, 2010. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247747. 88 pages profusely illustrated b/w and colour photos - DCC Projects & Applications Vol. 2 answers questions about starting with or upgrading Digital Command Control equipment, selecting state-of-the-art gear, and installing and operating these new electronics. Based on the popular Model Railroader magazine column, DCC Corner, this volume focuses on actual readers' problems and gives real-world solutions that apply to commonly available contemporary equipment. Offers tips on upgrading equipment, acquiring state-of-the-art new gear, installation, and operation More than 25 new DCC projects Based on DCC Corner, a popular Model Railroader column \$35.00

**[UKAL-12486] Polsgrove, Mike & Grivno, Cody. DCC Projects & Applications Volume 3.** Waukesha, WI, USA: Kalmbach Books, 2015. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249826. 88 Pages with Colour Photos. Digital Command Control (DCC) has greatly increased in popularity in recent years. Yet, most modelers need help navigating this tricky technology. DCC Projects & Applications, Volume 3 provides step-by-step instructions and how-to tips to show modelers how to set up, maintain, and operate DCC systems. This includes everything from layout wiring to decoder installation to light and sound effects. It also features information on the latest software, technology and upgraded manufacturer items. \$36.00

**[UKAL-12434] Koester, Tony. Designing & Buiding Multi-deck Model Railroads.** Waukesha, WI, USA: Kalmbach Books, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247419. 96 pages profusely illustrated b/w and colour photos - Acquire more space and longer towns and runs with multiple decks. Tony Koester walks you through design, options, lighting and wiring considerations, the where and when sequence, as well as the all-important construction techniques \$36.00

**[IR52X] Wright, Tony. Detailing and Improving Ready to Run Coaches - Modelling Railways Illustrated Handbook No. 8.** Clophill, Bedfordshire, England: Irwell Press, 1996. First Edition. Soft Cover. New / No Jacket. ISBN: 187160852X. 66 pages b/w photos \$43.50

**[UKAL-12477] Soeborg, Pelle K.. Detailing Projects for Freight Cars & Locomotives.** Waukesha, WI, USA: Kalmbach Books, 2013. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249437. 88 pages colour photos - Enthusiastic modelers know they can rely on Pelle Søbørg s dependable, step-by-step instructions to help them improve their layouts. His new book offers simple weathering and finishing techniques that are easy to complete yet deliver a greater degree of realism to locomotives and rolling stock. Hobbyists will appreciate more than 300 how-to and prototypical photos that guide them from project to project. \$36.00

**[P-14] Not Stated. Detailing the Landscape No. 14 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 8 pages colour illustrations - These popular and easy to

follow guides are full of tips and ideas for beginners and more experienced modellers alike - creating fences and hedges - trees and water - retaining walls and rock faces - roads tracks and paths \$2.50

**[IR422] Rice, Iain. Detailing and Improving Ready to Run Wagons - Model Railways Illustrated Handbooks No. 1.** Clophill, Bedfordshire, England: Irwell Press, 1993. First Edition. Soft Cover. New / No Jacket. ISBN: 1871608422. 62 pages b/w photos - Railway modelling is as popular as ever today. Its diversity and richness of interest - often with a degree of nostalgia - make the hobby the ideal antidote to the stresses of modern life. Iain Rice is one of Britain's best-known model railway authors with 17 books to his credit. He is a regular contributor to British and American model railway magazines, for which he produces his own diagrams and illustrations. He is a highly respected railway modeller with more than 40 years' experience, and lives in Devon. \$28.95

**[UKAL-12458] Soeborg, Pelle K.. Done in a Day - Easy Detailing and Weathering Projects for Your Model Railroad - Model Railroader's How to Guide .** Waukesha, WI, USA: Kalmbach Books, 2009. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247624. 86 pages colour photos - More than a dozen easy weathering and detailing projects will show you how to add realism to rolling stock and locomotives. Well-illustrated, easy-to-follow instructions make this book suitable for beginning model railroaders. \$36.00

**[UKAL-12499] Various. Easy Model Railroad Scenery Projects.** Waukesha, WI, USA: Kalmbach Books, 2016. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002806. 110 Pages with Colour Photos. This project-oriented book covers all areas of building model railroad scenery, including landforms, terrain, water, rockwork, trees, and more. The book's step-by-step photos and instructions make it easy for modelers to learn how to create realistic scenes. \$38.00

**[UKAL-12401] Hansen, Lawrence. Easy Model Railroad No. 1 - Tables for Your Trains.** Waukesha, WI, USA: Kalmbach Books, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 0890245878. 18 pages profusely illustrated colour photos - This full-color booklet will help new model railroaders build a simple, semi-permanent tabletop for displaying and running model trains. \$28.00

**[UKAL-12404] Hansen, Lawrence. Easy Model Railroad No. 4 - Simple Scenery.** Waukesha, WI, USA: Kalmbach Books, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 0890245908. 18 pages profusely illustrated colour photos - This simple booklet takes the guesswork out of adding scenery to a model railroad, offering new hobbyists various ways to make simple trees, construct landscapes, and build basic structures. \$11.55

**[UKAL-12259] Hansen, Lawrence. Easy Scale Modeling.** Waukesha, WI, USA: Kalmbach Books, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 0890245835. 18 pages profusely illustrated colour photos - The ideal introduction to scale modeling. Simple tips and techniques, detailed photos, and easy-to-follow diagrams get new scale modelers started on the right track. The editors and writers of FineScale Modeler offer basic information on assembling, painting, finishing, and displaying car, plane, and ship modelers. \$15.00

**[UKAL-12802] Wilson Jeff. Express, Mail & Merchandise Service.** Waukesha, WI, USA: Kalmbach Books, 2016. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627003780. 96 Pages with Black & White Photos. Express, Mail & Merchandise Service describes rail express service and merchandise traffic on railroads from the early 1900s through 1960s when railroad personnel handled packages and merchandise everything from baby chicks and cornflakes to money and machinery and got them to their final destination. A wonderful historical reference for modelers and railfans alike. \$38.00

**[DAM-0007] Johnson, Kent J.. Freight Car Projects and Ideas - Modeling Tips and Techniques Useful in Any Scale.** Waukesha, WI, USA: Kalmbach Books, 1997. Reprint. Soft Cover. Fair / No Jacket. ISBN: 0890242771. 80

pages colour and b/w photos - Tips and techniques for detailing freight cars for a more realistic appearance. Includes ideas on upgrading, painting, and weathering cars in any scale or gauge. - covers rubbed - internally good \$28.00

**[UKAL-12468] Strong, Kevin. Garden Railway Basics .** Waukesha, WI, USA: Kalmbach Books, 2013. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248355. 96 pages 250 colour photos - Stock the most comprehensive introduction to the garden railroad hobby available today. Garden Railways' popular columnist Kevin Strong has updated and compiled ten years of sage advice from the magazine into this must-have reference tool. Hobbyists will get all the building blocks they need to plan their layout, choose a power source, and construct and maintain a successful backyard empire. \$36.00

**[UKAL-12495] Wilson, Jeff. Getting Started in Model Railroadng.** Waukesha, WI, USA: Kalmbach Books, 2016. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002677. 96 Pages with Colour Photos. Model railroadng is an easier hobby to join than ever before. This new book by Jeff Wilson helps modelers get started with the basics. It provides enough information for beginners to confidently build a layout, and it equips them with the knowledge to understand all the steps. It includes: Extensive chapters on modeling in HO and N scales. Essential insights on buying models, building models, and starting a layout. Information about current trends and technology like ready-to-run models and DCC. \$39.50

**[IR708] Farquarson, Andy. Getting the Best from Ratio Plastic Models - Modelling Railways Illustrated Handbook No. 7.** Clophill, Bedfordshire, England: Irwell Press, 1996. First Edition. Soft Cover. New / No Jacket. ISBN: 1871608708. 64 pages colour and b/w photos - Ratio make very high quality model kits, aimed at the experienced modeller. The tooling is very good, and all the plastic components are injection-moulded. They also aren't afraid to include etched brass sheets for detailed items, such as ladders, windows, railings, etc. They generally mould pieces in roughly appropriate colours, though of course like any model, the components will look much better if painted in realistic matt colours. However if you're looking for a shake-the-box sort of kit, Ratio isn't for you. Nor are their products appropriate for children - there are a lot of extremely tiny detail components. This book explains how to improve the kits. \$38.85

**[UKAL-12490] Koester, Tony. Guide to Narrow Gauge Modeling.** Waukesha, WI, USA: Kalmbach Books, 2014. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627001502. 96 pages with Colour Photos - This book provides an entry point for any modeler interested in building a narrow gauge layout. Narrow gauge railroads remain popular among railfans and modelers due to the spectacular mountain scenery in which many operated. \$40.00

**[UKAL-12143] Hayden, Bob & Drury, George. HO Trackside Structures You Can Build.** Waukesha, WI, USA: Kalmbach Books, 1994. Reprint. Soft Cover. New / No Jacket. ISBN: 0890242194. 118 pages profusely illustrated b/w and colour photos - Demonstrates how to create a unique layout with a variety of realistic buildings! Contains instructions on constructing 18 projects ranging from stations and yard structures to engine-servicing facilities. Includes plans, photos and diagrams. \$28.80

**[UKAL-12216] Frary, Dave. How to Build Realistic Model Railroad Scenery - 3rd Edition.** Waukesha, WI, USA: Kalmbach Books, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 9780890244708. 144 pages profusely illustrated colour and b/w photos - A cookbook approach to creating scenery like an expert that delivers predictable results every time. Teaches how to design, build, model, and finish backgrounds, mountains, hills, trees, bushes, water, dirt, and much more. Features detailed photos, techniques, and product information. \$45.00

**[UKAL-12186] Volhard, Jim. How to Detail Diesel Locomotives.** Waukesha, WI, USA: Kalmbach Books, 1997. Reprint. Soft Cover. Good / No Jacket. ISBN: 0890243085. 96 pages profusely illustrated colour and b/w photos - Shows how to add impressive details to diesels and increase their realism. Covers tips and techniques from detailing

underframes to painting and finishing locomotives of any scale. \$32.65

**[UKAL-12472] Koester, Tony. How to Kitbash Structures .** Waukesha, WI, USA: Kalmbach Books, 2012. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248669. 96 pages; 200 color photos; 10 illustrations - Learning to kitbash commercial structures is an essential skill for modelers. This title covers basic techniques for working with kits, how to use kits in unexpected ways, and step-by-step projects that will help enthusiasts take their layouts to new levels. Structures covered include railroad buildings, lineside industries, coal tipples, storefronts, and more. - Helpful for beginner and intermediate modelers - Features a tutorial on making photo backdrops - Includes an inspirational gallery of kitbashed structures \$24.00

**[UKAL-12426] Downie, Robert. How to Use an Airbrush - Second Edition.** Waukesha, WI, USA: Kalmbach Books, 2008. Reprint. Soft Cover. New / No Jacket. ISBN: 9780890247068. 96 pages profusely illustrated b/w and colour photos - Included are 12 projects covering common problems areas and applications such as detailing a simple snap-together kit, mastering a factory-fresh automotive surface, drawing camouflage patterns, adding dirt and rust, adding complex color schemes, and more. \$38.50

**[P-17] Not Stated. Introducing DCC Digital Command Control No. 17 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 16 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - covers The basic Principles explained - Control Systems and Decoders - Converting existing equipment - Glossary of DCC Terminology \$2.70

**[UKAL-12447] Wilson, Jeff. Introduction to Model Railroading .** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247921. 96 pages profusely illustrated b/w and colour photos - The all-new material in Introduction to Model Railroading offers beginning modelers a wealth of information. It begins with choosing a place, era and scale to model. Veteran modeler Jeff Wilson also breaks down the basics of planning a layout and building supporting benchwork. The easy-to-follow instructions and abundance of photographs make this the perfect introduction to scale model railroading. \$36.00

**[UKAL-12154] Curren, Art. Kitbashing HO Model Railroad Structures - Expanded Addition.** Waukesha, WI, USA: Kalmbach Books, 1994. Reprint. Soft Cover. New / No Jacket. ISBN: 0890242453. 88 pages profusely illustrated colour & b/w photos - Presents the many ways commercial building kits can be combined by kitbashing into unique customized structures. Includes tips and techniques for creating houses, sheds, factories, and businesses to make an outstanding layout. \$24.20

**[P-03] Not Stated. Laying the Track No. 3 - Shows You How Series.** United Kingdom: Peco Publications, 2007. Reprint. Soft Cover. New / No Jacket. 8 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike \$2.50

**[P-01] Not Stated. Layout Planning and Design No. 1 - Shows You How Series.** United Kingdom: Peco Publications, 2007. Reprint. Soft Cover. New / No Jacket. 8 pages colour illustrations These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - covers choosing a concept - comparing ideas - sketches and drawings - using templates \$2.00

**[UKAL-12473] Wilson, Jeff. Livestock & Meatpacking .** Waukesha, WI, USA: Kalmbach Books, 2012. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248676. 88 pages; 170 black and white photos; 30 color photos - Delve into the history of the meat packing industry and trace the role of railroads in hauling livestock and

meat products. Livestock traffic, stockyard operations, dedicated meat train operations, regulations, and scheduling are just a few of the topics covered. Learn about refrigerator cars and stock, and see rarely published historical photos. - Includes 100+ prototype photos, some dating back to the early 1900s - Features charts and maps of stockyard locations - Contains modeling tips, suggestions, and resources included for each chapter \$22.00

**[SP-9020] Carstens, Hal. Locomotive Terminals & Railroad Structures.** Newton NJ USA: Carstens Pub. Inc., 2000. First Edition. Soft Cover. New / No Jacket. ISBN: 0911868984. 118 pages b/w photos line drawings - Under one cover you ll find every conceivable type of railroad structure, diesel fuelling facilities, roundhouses, enginehouse, diesel shops, pump houses, telephone box, turntables, water tanks, wooding up platform, coaling towers, coaling ramp, ash handler, cinder conveyor, gas & fuel oil supply house, old tank for oil burning locos, oil storage tank, sand towers, section houses, fire hose houses, icing platform, saw shed, yard warehouse, switch and signal towers, yard offices, crossing shanties, scale house and more \$47.00

**[P-06] Not Stated. Making a Start in 00 Gauge No. 6 - Shows You How Series.** United Kingdom: Peco Publications, 2007. Reprint. Soft Cover. New / No Jacket. 8 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike \$2.50

**[P-07] Not Stated. Making a Start in N Gauge No. 7 - Shows You How Series.** United Kingdom: Peco Publications, 2008. Reprint. Soft Cover. New / No Jacket. 8 pages colour photos - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike \$2.50

**[UKAL-12424] Kempinski, Bernard. Mid - Size Track Plans for Realistic Layouts.** Waukesha, WI, USA: Kalmbach Books, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247044. 112 pages profusely illustrated b/w and colour photos - Track plans to fit spaces from 8'x10' to a 20'x20' G scale layout Layouts based on prototype lines such as Maine's Bangor & Aroostook, Western Maryland - Thomas Subdivision, C&O - Miami Subdivision, Canadian Pacific/Soo - Minot Subdivision, Southern Pacific - Yuma Subdivision, Utah Railway, and Alaska/ British Columbia's White Pass & Yukon 112 pages of 100 color and 50 black & white photos \$40.00

**[UKAL-12474] Model Railroader. Model Railroad Bridges & Trestles : Volume 2.** Waukesha, WI, USA: Kalmbach Books, 2012. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248683. 88 pages; 35 black and white photos; 140 color photos; 30 illustrations - This second volume of articles from Model Railroader offers modelers more tips for building bridges and trestles on their layouts. New information and how-tos include modeling a highway underpass, building a viaduct, creating a stone arch bridge, and more. Modelers will learn how to use current kits plus get scratchbuilding tips. - Includes expert instruction for modelers of all skill levels - Highlights new techniques for building bridges out of concrete - Provides detailed how-to photos for each project \$33.00

**[UKAL-12467] POPP, David. Model Railroader's How to Guide Building a Model Railroad Step By Step.** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248324. 144 Pages with Colour Photos. Model Railroader Managing Editor David Popp details the expansion of his N scale Naugatuck Valley Railroad in Building a Model Railroad Step by Step, 2nd edition. Providing an inside look at building a model railroad from start to finish, new chapters highlight the addition of a sizable industrial switching area and delve deeper into operations. \$39.50

**[UKAL-12442] Chibbaro, Mat. Model Railroading in Small Spaces - Second Edition.** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247723. 96 pages colour photos - If you have a limited space for your layout, here s the answer! This completely revised edition of Model Railroading in Small Spaces provides a variety of creative approaches for building compact layouts. It covers how to build seven different layouts encompassing portable, shelf, coffee table, and fold-up styles. Three of the layouts are

new, plus the book includes a new chapter on advanced techniques. N and HO scale railroads are modeled, as is one O scale shelf layout. \$26.50

**[UKAL-12483] Kempinski, Bernard. Model Railroads go to War .** Waukesha, WI, USA: Kalmbach Books, 2014. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249536. 96 pages 200 colour photos - This is the only book that covers a large scope of model railroading wartime scenes. Spanning the American Civil War through Operation Iraqi Freedom, this guide provides detailed modeling information and historical insight. \$36.00

**[BRM5] Marriott, Peter. Model Railways the Easy Way - A Practical Guide to Making Compact Layouts for the Railway Modeller - Book No. 5 .** Licolnshire United Kingdom: Warner Group Publications, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780955619465. 96 pages - colour photos - from the publishers of British Railway modelling - The model railway hobby has never been so much fun. Locomotives and rolling stock are now well detailed and they run well. Digital control is possible together with sound effects. Those interested in making scenery are spoilt for choice with a huge number of good products now available. In this book Peter Marriott aims to give confidence to all those new to the hobby and those who would like to make their first layout but are unsure of how to begin. The book has been written and photographed to be as practical as possible. It features layout projects that show in words and pictures how to go about building a layout. \$34.95

**[UKAL-12493] Wilson, Jeff. Modeling Structures.** Waukesha, WI, USA: Kalmbach Books, 2016. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002233. 96 Pages with Colour Photos. To make a better layout, it is important for modelers to construct buildings and structures that are unique for each project. Jeff Wilson's new book shows readers what they'll need to know about: Detailing, painting, and creating signs, making structures appropriate for the era, railroad, and region being modeled, and techniques for building plastic and wood kits, as well as kitbashing and scratchbuilding. \$38.00

**[UKAL-12456] Model Railroader. Modeling the 50s - the Glory Years of Rail .** Waukesha, WI, USA: Kalmbach Books, 2008. Reprint. Soft Cover. New / No Jacket. ISBN: 9780890247181. 88 pages profusely illustrated b/w and colour photos - for those modelers who want to model the 1950s on their layout Colored pictures with a few black and white You'll also find information about : \* The 1950s \* Motive power \* Passenger trains \* Freight trains \* Trackside details How to projects, track plans, adding realism to the layout and much more \$24.00

**[P-13] Not Stated. Modelling the Landscape No. 13 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 8 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - creating the basic structure - adding surface texture - incorporating bridges and tunnels \$2.50

**[P-12] Not Stated. Modelling Water No. 12 - Shows You How Series.** United Kingdom: Peco Publications, 2012. Reprint. Soft Cover. New / No Jacket. 8 pages colour photos - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - and provide much valuable information, each on a particular aspect of the hobby. - covers finding inspiration - making a start - techniques and materials - hints and tips \$3.00

**[BRM3] Burkin, Nigel. Modern Wagons in 4mm Scale - Making the Best of Ready to Run Models - Book No. 3.** Licolnshire United Kingdom: Warner Group Publications, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780955619458. 184 pages - colour photos - from the publishers of British Railway modelling - The world of ready-to-run modern wagons in 4mm scale can be quite a minefield, with subtle variations and modifications taking place through the lifetime of the rolling stock. Nigel Burkin provides us with a useful overview of wagons produced by the manufacturers as well as showing how to modify and improve them, using a large selection of prototype

photographs. \$34.95

**[PPB04] Freezer, Cyril J.. N Gauge Track Plans - the Railway Modeller Book of.** Seaton, Devon, UK: Peco Publishing, 2006. Reprint. Soft Cover. New / No Jacket. ISBN: 0900586508. 32 pages b/w illustrations - 20 detailed plans drawn especially for N Gauge, designed to fit into rooms of a size that can be found in a modern home and to demonstrate that with N gauge you can build the sort of railway that many 4mm scale workers only dream about. \$9.15

**[UKAL-12428] McGuirk, Marty. N Scale Railroading - Getting Started in the Hobby - Second Edition .** Waukesha, WI, USA: Kalmbach Books, 2009. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247730. 96 pages colour and b/w photos from track to train control. He takes beginners through step-by-step chapters that show them how to build and operate a complete N scale 4 x 8-foot railroad based on his Androscoggin Central, an interesting and challenging New England railroad \$36.00

**[AEFP-0007] Not Stated. Nine N Scale Railroads - 9 N Scale Layout Plans for the Intermediate Modeler.** New Jersey, USA: Atlas Model Railroad, 2007. Revised. Soft Cover. New / No Jacket. 56 pages profusely illustrated b/w photos Each book contains nine or more layout plans The text takes you step-by-step through building your layout, from designing and constructing your benchwork, to laying roadbed and track, wiring, and even adding some scenic touches. Photos, diagrams and glossaries included. \$12.00

**[UKAL-12425] Danneman, Mike. Painting Backdrops for Your Model Railroad.** Waukesha, WI, USA: Kalmbach Books, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247051. 80 pages profusely illustrated b/w and colour photos - This book shows you how easy it can be to add backdrops to your layouts by explaining why you need one, how to build and paint one, how to add clouds, how to blend with layout scenery, and more. Other techniques such as using photos and commercial backdrops are also included. \$20.35

**[AEFP-0003] Atlas Model Railroad . Parts Catalogue - HO N Gauge Atlas - 3rd Edition .** New Jersey, USA: Atlas Model Railroad, 2007. Reprint. Soft Cover. New / No Jacket. 60 pages profusely illustrated b/w line drawings \$11.55

**[PIN-1] Not Stated. Peco Setrack N Scale Planbook - Starting You on the Right Track.** Seaton, Devon, UK: Peco Publishing, 2012. Reprint. Soft Cover. New / No Jacket. 20 pages b/w illustrations - packed with inspirational full colour plans and lavish illustrations, plus helpful advice to get you started in railway modelling. Ideal for both beginners and more experienced modellers. - feature 27 plans, ranging from small ovals with a couple of sidings, through to large main line railways. \$9.60

**[PSTP-00] Flint, Steve. Peco Setrack OO/HO Planbook.** Seaton, Devon, UK: Peco Publications, 2007. Reprint. Soft Cover. New / No Jacket. 72 pages colour illustrations - Completely rewritten and now in full colour, the new 64-page Setrack Planbook for OO/HO gauge is now available. Illustrated by Paul Lunn (whose work will be familiar to regular railway Modeller readers) and compiled by Steve Flint, the book discusses how to make a start with PECO Setrack and offers 29 potential plans for the modeller to build. From the smallest to the largest, this book has plenty to inspire the beginner and experienced modeller alike. \$11.50

**[UKAL-12410] Koester, Tony. Planning Scenery for Your Model Railroad.** Waukesha, WI, USA: Kalmbach Books, 2007. Reprint. Soft Cover. New / No Jacket. ISBN: 9780890246573. 96 pages profusely illustrated colour and b/w photos - Fourth in the Realistic Model Railroading series by the same author, this volume shows modelers how to turn to the real thing natural land forms, crops, forests, water features, and even the seasons, to get better results on their model railroad layouts. What are the critical and model-able differences between the Rockies and the

Appalachian Mountains, for example, and what resources can help modelers achieve a natural-looking scene from each area? These big ideas are supported by modeling projects as examples of incorporating realistic natural effects including rock strata, water forms, field crops, and space-saving industries. \$38.50

**[UKAL-12494] Koester, Tony. Planning Your Model Railroad.** Waukesha, WI, USA: Kalmbach Books, 2015. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002295. 96 Pages with Colour Photos. Planning Your Model Railroad is a new book by Tony Koester that tells modelers everything they'll want to consider before starting a layout. This conversational, idea-driven book shows modelers their options when planning a layout. It expansively covers key topics including: Choosing a railroad and scale, finding prototypes that match modeler interest, and narrowing focus to make efficient decisions. \$38.00

**[RP-H4359] Rice, Iain. Railway Modelling - The Realistic Way.** Yeovil, Somerset, England: Haynes Publishing, 2007. First Edition. Hard Cover. New / New. ISBN: 9781844253593. 352 pages colour and b/w photos - This book is a guide to the complexities, sophistication and excitement of the hobby of Railway Modelling. With sections covering historical development, scales and standards, layout planning, site preparation, baseboards, track, wiring, signalling and control, landscape and structure modelling, locomotives and rolling stock operation and couplings. Railway modeling is as popular as ever today. Its diversity and richness of interest -- often with a degree of nostalgia -- make the hobby the ideal antidote to the stresses of modern life. This book, a completely new version of Norman Simmons' long-lived Railway Modelling, first published in 1972 and updated through eight editions, is the ideal companion for today's railway modeler, as it combines traditional modeling techniques and advice with full details of all the new technology that has transformed the hobby in recent years. There can be no better handbook for any model railway enthusiast, novice or expert. \$39.95

**[P-19] Not Stated. Railway Modelling in the Larger Scales No. 19 - Shows You How Series.** United Kingdom: Peco Publications, 2012. Reprint. Soft Cover. New / No Jacket. 8 pages colour photos - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - and provide much valuable information, each on a particular aspect of the hobby. - covers making a start - live steam operation - foundations and tracklaying - structural ideas \$2.00

**[P-18] Not Stated. Railway Modelling in the Smaller Scales No. 18 - Shows You How Series.** United Kingdom: Peco Publications, 2012. Reprint. Soft Cover. New / No Jacket. 8 pages colour photos - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - and provide much valuable information, each on a particular aspect of the hobby. - covers foundations and support - using timber outdoors - tracklaying and wiring - planting suggestions \$2.50

**[UKAL-12471] Johnson, Kent J.. Realistic Animation Lighting & Sound - Second Edition .** Waukesha, WI, USA: Kalmbach Books, 2012. Second Edition. Soft Cover. New / No Jacket. ISBN: 9780890248638. 96 pages profusely illustrated colour and b/w photos - Bring life to your model railroad with these simple projects! Model railroaders can add more realism to the operation of their layouts with animated accessories, lighting, and sound. These simple projects are easy to implement and don't require complicated circuitry. Step-by-step instructions and color photos or illustrations demonstrate the featured effects in each chapter. --Ideal reference for beginner/intermediate model railroaders with a permanent or semi-permanent layout of any scale --Features ideas and projects from leading model railroading authors, including Gary Hoover, D. Derek Verner, and Kermit Paul \$36.00

**[UKAL-12480] Koester, Tony. Realistic Model Railroad Operation - Second Edition .** Waukesha, WI, USA: Kalmbach Books, 2013. Second Edition. Soft Cover. New / No Jacket. ISBN: 9780890249390. 96 pages colour and b/w photos - Respected expert Tony Koester teaches modelers how real railroads operate trains and how to apply those methods to their own model railroads in this extensively updated edition. Learning about

timetable-and-train-order operation, as well as how cars are switched, how yards function, how signals work, and more, provides an added dimension of realism and fun for modelers, keeping the hobby fresh and exciting. \$36.00

**[UKAL-12464] Soeborg, Pelle K.. Rebuilding A Layout from A - Z : Building a Better Layout the Second Time Around .** Waukesha, WI, USA: Kalmbach Books, 2012. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248171. 103 pages colour photos - Follow Pelle Soeborg as he completely rebuilds his Daneville model railroad. He takes all the lessons learned from his first layout and applies them to this project. Using the latest materials and technology, modelers will learn valuable new techniques for benchwork, scenery, structures, and more from this popular expert. \$40.00

**[UKAL-12139] Spohn, Terry. Scale Model Detailing - Projects You Can Do.** Waukesha, WI, USA: Kalmbach Books, 1995. Reprint. Soft Cover. New / No Jacket. ISBN: 0890242097. 104 pages profusely illustrated b/w and colour photos - Spohn has drawn 20 projects from the pages of FineScale Modeler magazine and, utilizing these projects, guides hobbyists through the techniques for detailing model figures, ships, armored vehicles, planes, dioramas, and more. Drawings and excellent, well-sequenced photos, some in full color, clearly visualize procedures for applying color washes, making parts from scrap materials, and airbrushing, as well as for achieving such effects as weathering and battle damage. Most projects are accompanied by sources for special materials and a selection of references that contain pictures or actual photos of the project's subject. Modelers with a few kits to their credit and ready to hone their skills will find this a great, nicely comprehensive resource, chockablock with information that's not always easy to obtain. \$28.95

**[UKAL-12194] Danneman, Mike. Scenery for Your Model Railroad - from Backdrop to Tabletop.** Waukesha, WI, USA: Kalmbach Books, 2001. Reprint. Soft Cover. New / No Jacket. ISBN: 0890243239. 80 pages profusely illustrated colour photos - Create a more realistic scene behind and around your model railroad! This book shows you how, from ground cover and rockwork, to trees, water, and more. Learn the finishing touches that give a railroad character. --Features a comprehensive approach to scenery, including instructions for integrating a backdrop with layout scenery --Includes photos of models and prototype scenes for inspiration --Perfect for the beginning/intermediate modeler preparing to build a layout \$33.85

**[BRM2] Marriott, Peter. Scenic Modelling - A Practical Look at Kits, Ready Made Buildings and First Steps in Scratch Building.** Licolnshire United Kingdom: Warner Group Publications, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780955619421. 98 pages - colour photos - from the publishers of British Railway modelling - A practical guide for making scenery for model railways Written & photographed by Peter Marriott This 98 page book has been written by Peter Marriott who believes that there has never been a better time to make scenery for model railways. He discusses the huge range of products that are available today and through stage by stage pictures and explanatory text shows readers how to make water, build an embankment, make trees, feature rock faces, lay roads and a lot more. The book has been written and photographed to be as practical as possible. The chapters are arranged to provide some introductory text and pictures about the wide range of available products and then move onto projects that demonstrate how to use those products. Throughout the book there are money saving tips and the Golden Rules of making scenery. Illustrated in colour the book contains over 270 pictures. The book concludes with an appendix that lists books and DVDs, manufacturers and retailers website addresses plus a table showing which companies make scenery products. \$34.95

**[AEFP-0013] Not Stated. Seven Step By Step HO Railroads - 7 Large HO Track Layouts for All Skill Levels.** New Jersey, USA: Atlas Model Railroad, 2006. First Edition. Soft Cover. New / No Jacket. 56 pages profusely illustrated b/w photos - Each book contains nine or more layout plans The text takes you step-by-step through building your layout, from designing and constructing your benchwork, to laying roadbed and track, wiring, and even adding some scenic touches. Photos, diagrams and glossaries included. \$13.10

**[UKAL-12419] Rice, Iain. Shelf Layouts for Model Railroads .** Waukesha, WI, USA: Kalmbach Books, 2009. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890246900. 86 pages colour & b/w photos - Learn how to build a shelf layout by exploring the possibilities, practicalities, and challenges of linear layout design in a variety of layouts with construction details Iain Rice is one of Britain's best-known model railway authors with 17 books to his credit. He is a regular contributor to British and American model railway magazines, for which he produces his own diagrams and illustrations. He is a highly respected railway modeller with more than 40 years' experience, and lives in Devon. \$36.00

**[P-22] Not Stated. Signalling the Layout 1 :Semaphore Signals No. 22 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 16 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - covers Semaphore signal types - choosing signals for your layout - siting them correctly - details and fittings. \$2.20

**[P-23] Not Stated. Signalling the Layout 2 : Colour Light Signals No. 23 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 16 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - covers multiple Aspect Signalling, colour light signal designs, models and kits available, installation methods. \$2.50

**[UKAL-12806] Koester, Tony. Space-Saving Industries for Your Layout.** Waukesha, WI, USA: Kalmbach Books, 2016. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627003957. 96 Pages with Colour Photos. In this book by Tony Koester, Space-Saving Industries for Your Layout will inspire you to add small- to medium-sized industries and traffic to your layout. \$38.00

**[UKAL-12466] Kalmbach. Starter Track Plans for Model Railroaders .** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248317. 64 pages colour photos - Simple, affordable, straightforward the track plans in Starter Track Plans for Model Railroaders have one thing in common they re eminently buildable. Perfect for small spaces and beginner layouts, this mix of HO and N scale track plans emphasizes simplicity, flexibility and interesting operation. \$26.00

**[UKAL-12478] Model Railroader. Structure Projects for Your Model Railroad .** Waukesha, WI, USA: Kalmbach Books, 2013. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249369. 88 pages 150 colour photos - Realistic structures are an essential component of any successful model railroad layout, so hobbyists will appreciate this collection that guides them step by step through various structure modeling processes. They'll learn to complete simple and complex scratchbuilding projects as well as kitbashing, detailing, and painting, discovering many techniques and materials they can apply to their own projects along the way. \$29.95

**[269-14] Hayden, Bob. Styrene Modeling - Basic and Advanced Tips and Techniques - How to Build Paint and Finish Realistic Styrene Models.** New Mexico USA: Evergreen Scale Models, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 0967836905. 88 pages profusely illustrated b/w and colour photos - Styrene Modeling is the first comprehensive book on modeling with styrene. You'll find hundreds of tips and techniques on how to assemble and improve plastic kits. Styrene Modeling includes detailed, how-to modeling advice from more than a dozen accomplished craftsmen who have built every conceivable type of styrene model. It's a handbook no modeler should be without. \* Chapter 1, The Case for Styrene, 40 Years Later! Chapter 2, Equipping The Styrene Workshop \* Chapter 3, Working With Styrene Sheet and Strip \* Chapter 4, Scratchbuilding Basic Boxes \* Chapter 5, Working With Styrene Kits \* Chapter 6, Kitbashing and Conversions \* Chapter 7, Detailing Techniques \* Chapter 8, Basic Painting and Finishing \* Chapter 9, Advanced Finishing Techniques \* Chapter 10, Scratchbuilding Projects and Techniques \$31.90

**[UKAL-12438] Koester, Tony. The Allegheny Midland : Lessons Learned.** Waukesha, WI, USA: Kalmbach Books, 2010. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247709. 96 pages colour photos - Tony Koester's well-known HO scale Allegheny Midland layout is analyzed in detail in this fascinating new book. Built over the course of 25 years, the layout has been the subject of many Model Railroader magazine articles over the years. Here, Koester looks at lessons learned during the construction and operation of the Allegheny Midland. Using the author's original photography, he highlights many how-to lessons from its construction, along with the wisdom and perspective that comes from reviewing what worked and what didn't on one of the largest and most notable layouts in the country. A compelling combination of project layout, analysis, and how - to book. Author Tony Koester gives insight into his 25-year layout project The Allegheny Midland is legendary among model railroaders and continues to generate interest \$37.30

**[AEFP-0009] Not Stated. The Atlas Beginner's Guide to HO Model Railroading .** New Jersey, USA: Atlas Model Railroad, 2008. Revised. Soft Cover. New / No Jacket. 44 pages - 12 basic blueprints for ho layouts \$9.55

**[AEFP-0012] Not Stated. The Complete Atlas Wiring Book .** New Jersey, USA: Atlas Model Railroad, 2007. Revised. Soft Cover. New / No Jacket. 56 pages profusely illustrated b/w photos - This is a user-friendly book that makes the Atlas electrical wiring system easy to understand. It introduces beginners to the most basic principles of common rail layout wiring, and takes advanced modelers through complex wiring operations. Learn how to install and use our quality components on any layout. There are over 100 diagrams and a complete glossary. \$10.20

**[UKAL-12488] Fiehmman, Don. The DCC Guide - The Second Edition .** Waukesha, WI, USA: Kalmbach Books, 2014. Second Edition. Soft Cover. New / No Jacket. ISBN: 9780890246764. 88 pages; 85 color photos; 35 illustrations - This comprehensive guide helps modelers get the most out of DCC with diagrams and photos showing how DCC works, from wiring to installing decoders in locomotives. This book presents an overview of the product lines available and helps modelers select the right system for their plans. Contents are Chapter 1: DCC evolution Chapter 2: DCC components Chapter 3: Basic DCC technology Chapter 4: Basics of decoders Chapter 5: Decoder programming Chapter 6: How to choose a DCC system Chapter 7: Wiring a layout for DCC Chapter 8: Decoder installation Chapter 9: Using LEDs and bulbs with DCC Chapter 10: Installing speakers and sound decoders Chapter 11: Operating with DCC Chapter 12: DCC and today's technology Glossary of DCC terms Troubleshooting DCC manufacturers and suppliers Acknowledgements. \$36.00

**[UKAL-12462] Koester, Tony. The Model Railroad's Guide to Mountain Railroading.** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890248157. 96 Pages with Colour Photos. With its dramatic scenery and challenging operations, mountain railroading is an appealing theme that crosses many regions and all eras. Respected author Tony Koester offers insight into layout and track planning, and compares narrow gauge with standard gauge railroads. Essential advice on achieving realistic mountain operation is included, along with tips for working relevant scenery into the layout. \$39.50

**[UKAL-12437] Wilson, Jeff. The Model Railroader's Guide to Diesel Locomotives.** Waukesha, WI, USA: Kalmbach Books, 2009. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247617. 86 pages colour & b/w photos - Model railroaders will learn the history, spotting features, characteristics and operation of diesel locomotives, and how to determine appropriate eras, details and features, and the type of specialized diesel service. \$36.00

**[UKAL-12481] Wilson, Jeff. The Model Railroader's Guide to Grain.** Waukesha, WI, USA: Kalmbach Books, 2014. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890249444. 96 pages 90 colour photos - This book is ideally suited for model railroaders who want to realistically model grain elevators, flour, and feed mills. It is the only book on the market that covers the grain industry from the early days to the present. \$36.00

**[UKAL-12435] Kempinski, Bernard. The Model Railroader's Guide to Steel Mills.** Waukesha, WI, USA: Kalmbach Books, 2010. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247518. 96 pages colour & b/w photos - The Model Railroader's Guide to Steel Mills makes modeling this archetypical American industry possible for the average modeler. Author and expert Bernard Kempinski explains the industrial process and the massive complex built around steel production. The reader will better understand how to create a realistic mill area and set up its rail operations. Chapters are included for steelmaking, steel mill railroads, steel mill track planning, and modeling tips. Steel from start to finish Track plans with steel mills included Features historical photos of railroad-served steel mills \$40.00

**[UKAL-12452] Wilson, Jeff. The Model Railroaders Guide to Bridges Trestles & Tunnels.** Waukesha, WI, USA: Kalmbach Books, 2005. Reprint. Soft Cover. New / No Jacket. ISBN: 0890245967. 88 pages profusely illustrated b/w and colour photos - An excellent paperback reference. Learn how to re-create numerous types of railroad and highway bridges based on prototype designs. Techniques are demonstrated for modeling, painting, weathering, and installing the models on a layout. Overviews of each structure's history, construction and purpose. Specific details for modeling iron and steel truss bridges, plate girder bridges, concrete bridges, lift bridges, tunnels, and more! Historic & contemporary prototype photos. 75 color photos, 100 black-&-white photos and 15 illustrations. A helpful list of currently available models. \$35.00

**[UKAL-12453] Koester, Tony. The Model Railroaders Guide to Coal Railroading.** Waukesha, WI, USA: Kalmbach Books, 2006. Reprint. Soft Cover. New / No Jacket. ISBN: 0890246688. 96 pages profusely illustrated b/w and colour photos - Provides readers with a handy reference for modeling their own cool hauling prototype-based or freelance railroads. Chapters introduce readers to cool and the coal industry, and includes information on modeling coal trains, company towns, and coal customers, plus operating tips \$36.00

**[UKAL-12409] Wilson, Jeff. The Model Railroaders Guide to Industries Along the Track 2.** Waukesha, WI, USA: Kalmbach Books, 2008. Reprint. Soft Cover. New / No Jacket. ISBN: 0890246580. 88 pages profusely illustrated b/w and colour photos - This volume contains a variety of prototype photos and suggestions for how to model and place industries on your layouts for realistic operation. \$36.00

**[UKAL-12422] Wilson, Jeff. The Model Railroaders Guide to Industries Along the Track 3.** Waukesha, WI, USA: Kalmbach Books, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247013. 88 pages profusely illustrated b/w and colour photos - This volume contains a variety of prototype photos and suggestions for how to model and place industries on your layouts for realistic operation. \$35.70

**[UKAL-12439] Wilson, Jeff. The Model Railroaders Guide to Industries Along the Track 4.** Waukesha, WI, USA: Kalmbach Books, 2010. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247716. 88 pages profusely illustrated b/w and colour photos - Fourth in a series, Industries Along the Tracks 4 features specific industries that were served by rail. Modeling tips and track plans are included to help modelers incorporate the featured industries into their layouts. Historical photos make this appeal to railfans. \$19.50

**[UKAL-12228] McGuirk, Marty. The Model Railroaders Guide to Locomotive Servicing Terminals.** Waukesha, WI, USA: Kalmbach Books, 2002. Reprint. Soft Cover. New / No Jacket. ISBN: 0890244146. 80 pages profusely illustrated colour and b/w photos - Given this overriding interest in steam and diesel power, it's no surprise that many model railroaders want to include a locomotive servicing area somewhere on their railroad. A combination of prototype and modeling reference data, photographs, and illustrations will help you add the visual excitement and operational interest of a steam or diesel-era locomotive servicing facility to a model railroad of any size or scale. A number of modeling projects that you can follow step by step and end up with realistic, yet relatively simple additions to your layout. \$34.60

**[UKAL-12423] Coleman, Matt. The Model Railroaders Guide to Logging Railroads.** Waukesha, WI, USA: Kalmbach Books, 2008. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247020. 79 pages profusely illustrated b/w and colour photos - This 79 page book traces the history of the timber industry and it's railroads, following advances in logging methods and equipment, specialized rolling stock and the development of geared steam locomotives, including the Shay, Climax and Heisler designs This book also includes information and tips about : Logging camps and structures. Sawmills and log ponds. Skeleton cars, log bunks and other rolling stock. Loading and unloading log trains. Track planning for logging lines and geared steam locomotives More than 150 photos and diagrams \$33.90

**[UKAL-12436] Wilson, Jeff. The Model Railroaders Guide to Trackage Structures.** Waukesha, WI, USA: Kalmbach Books, 2011. First Edition. Soft Cover. New / No Jacket. ISBN: 9780890247754. 88 pages colour photos - Discover iconic railroad structures and their importance to the industry; then learn to model them! Filled with historical photos, this book from Jeff Wilson describes the design and operation of various types and styles of depots, passenger stations, and freight houses. It also covers the smaller structures and details found along railroad rights-of-way such as interlocking towers, maintenance sheds, crossing shanties and gates, signs, and communication lines. Water towers, icing platforms, scales, and other service structures are also included \$26.50

**[UKAL-12243] Johnson, Kent J.. The New Scenery Tips & Techniques - Projects and Ideas That Bring Your Layout to Life.** Waukesha, WI, USA: Kalmbach Books, 2002. Reprint. Soft Cover. New / No Jacket. ISBN: 0890246211. 104 pages profusely illustrated colour and b/w photos - Numerous feature articles, organized by topic, that are compiled to help you develop proven techniques and new ideas for creating realistic scenery on a layout of any size or scale. Easy-to-follow projects that show you exactly how to : -Add depth to your layout with background scenery -Apply groundcover appropriate for all four seasons -Build trees and forests just as Mother Nature intended -Simulate a variety of waterways, including open surf \$35.70

**[WOO-C1207] Woodland Scenics. The Scenery Manual .** Linn Creek MO USA: Woodland Scenics, 2007. Reprint. Spiral Bound Plastic. New / No Jacket. ISBN: 9781887436007. 142 pages colour illustrations - The Scenery Manual is the complete Woodland Scenics guide to creating life-like terrain, landscaping and scenic details for your model railroad, military diorama or architectural model. For the beginner or for the advanced hobbyist this book describes the products, the tools, and the foolproof methods used in creating natural settings in scale. No detail has been overlooked. Contains all the proven advise and inside tips for achieving craftsman quality results the very first time. But most important The Scenery Manual offers the confidence necessary to begin any miniature modeling project and finish it with pride. \$15.90

**[IR856] Burkin, Nigel. Thoroughly Modern Models - 1. Diesels in 4mm - Model Railway Handbook No. 9.** Claphill, Bedfordshire, England: Irwell Press, 1997. First Edition. Soft Cover. New / No Jacket. ISBN: 1871608856. 72 pages b/w photos - Contemporary railway enthusiast Nigel Burkin, has drawn upon his fifteen years of modelling experience to compile a comprehensive guide on techniques for modelling modern diesel locomotives. Nigel has exhibited his layouts extensively around the circuit and supported shows with his modelling demonstrations. This book has been compiled to answer many of the questions posed by modellers wishing to make the best use of the wonderful models and detailing components currently available. Advice on ready to run model rebuilding, detailing and finishing techniques, materials, components, transfers and paints is offered in this wide-ranging guide to modern traction. Illustrated with contemporary photographs, annotated drawings and tables of useful information, the book offers an essential menu from which you, the modeller, may select the combination of techniques which suits your pocket, skills and modelling aspirations. \$39.15

**[IR694] Burkin, Nigel. Thoroughly Modern Models - 2. Modern Wagons in 4mm - Model Railway Handbook No. 10.** Claphill, Bedfordshire, England: Irwell Press, 1998. First Edition. Soft Cover. New / No Jacket. ISBN: 1871608694. 74 pages b/w photos - With the dramatic revival of railfreight traffic on our railways comes a

corresponding surge in interest in modelling the modern freight wagon as a logical companion to the locomotive. Nigel Burkin has been documenting and modelling freight wagons for as long as he has studied the locomotive. This guide has been compiled from years of research to offer detailed information about the prototype, modelling technique and projects which pull it all together. Many ready to run favourites get the treatment, whilst the surge in new kits for anything from a bogie to large and complex wagons, add an extra dimension. Advice on materials, tools, kits, base models, detailing and assembly methods is offered in a pragmatic menu style supported by photographs of the prototype, step by step modelling and finished models. An indispensable guide for the active modeller and enthusiast, beginner and expert alike; don't let it stray far from the modelling table. \$32.85

**[UKAL-12148] Armstrong, John. Track Planning for Realistic Operation - Third Edition.** Waukesha, WI, USA: Kalmbach Books, 2007. Reprint. Soft Cover. New / No Jacket. ISBN: 9780890242278. 144 pages profusely illustrated b/w photos - Provides step-by-step design techniques and track planning tips to save model railroaders time, money, and headaches. This must-have book also covers aspects of prototype freight and passenger operations, route design, and contemporary railroading. \$40.00

**[PPB-66] Freezer, Cyril J.. Track Plans for Various Locations - the Railway Modeller Book of.** Seaton, Devon, UK: Peco Publishing, 2010. Reprint. Soft Cover. New / No Jacket. ISBN: 0900586109. 36 pages b/w illustrations - A helpful and inspiring Planbook \$6.55

**[UKAL-12234] Kelly, Jim. Trackage Scenes You Can Model.** Waukesha, WI, USA: Kalmbach Books, 2003. Reprint. Soft Cover. New / No Jacket. ISBN: 0890244235. 80 pages profusely illustrated colour and b/w photos - Looking to make that scene on your layout look more "railroad"? Wanting to find a trestle that will look right bridging the gorge on your layout? Searching for yard buildings that make sense? Model Railroader's now-retired managing editor and creative modeler Jim Kelly has answers and ideas for you in this book. Divided into five chapters, arranged by type of railroad structure or feature : -Arrivals and departures : railroad yards. -Care and feeding : enginehouses and terminals. -Staying above it all : bridges. -The battle against monotony : tunnels and shelf scenes. -Along the line. In every instance, black-and-white or color photos of a railroad location are provided. Includes modeling suggestions, ideas on kits or materials and track plans and drawings. By following the advice and ideas in this book, you're guaranteed to have a more interesting, more realistic and more accurate model railroad. \$35.50

**[H-60S] Mitchell, Alan. Trees of North America.** ill. More, David. San Diego, California, U.S.A.: Thunder Bay Press, 2003. Reprint. Soft Cover. New / No Jacket. ISBN: 1571458778. 208 pages. Though not a specific book for model builders, this book is a great reference to the trees found in North America. Heavily illustrated with color drawings of the trees and their leaves, the modeler will find this book helpful. Maps are included to show the regions each tree is found in. \$38.50

**[UKAL-12497] Kempinski, Bernard. Waterfront Terminals and Operations.** Waukesha, WI, USA: Kalmbach Books, 2017. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627002653. 96 Pages with Colour Photos and Drawings. Rail-marine operations are a vital aspect of modern transportation, and Waterfront Terminals and Operations explores this interesting topic in model railroading. This book includes: A historical overview of the railroad-marine interface - the terminal where railroad tracks meet lakes or sea, from a modeler's perspective. Chapters on break bulk piers and terminals, grain terminals, mineral terminals, railroad ferries and car float terminals, container terminals, barge terminals, ship building, and modeling water and wharves. Prototype information along with buildable track plans and modeling tips. \$38.00

**[P-05] Not Stated. Wiring the Layout - Part 2 - for the More Advanced No. 5 - Shows You How Series.** United Kingdom: Peco Publications, 2007. Reprint. Soft Cover. New / No Jacket. 16 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike -

covers simple control panels - the common return principle - cab control explained - advanced point switching \$4.80

**[P-21] Not Stated. Wiring the Layout - Part 3 - Turnouts and Crossings No. 21 - Shows You How Series.** United Kingdom: Peco Publications, 2011. Reprint. Soft Cover. New / No Jacket. 16 pages colour illustrations - These popular and easy to follow guides are full of tips and ideas for beginners and more experienced modellers alike - covers 12v DC and DCC layouts - wiring 2 way & 3 way turnouts - Single & Double slips - Diamond crossings & double junctions \$4.50

**[UKAL-12491] Puckett, Larry. Wiring Your Model Railroad.** Waukesha, WI, USA: Kalmbach Books, 2015. First Edition. Soft Cover. New / No Jacket. ISBN: 9781627001755. 126 Pages with Colour Photos. If model railroaders could own one book about wiring, this would be the best choice. In *Wiring Your Model Railroad*, Larry Puckett provides a helpful overview of all things wiring, including traditional wiring and DCC. This is the first wiring book any modeler should buy, and it is a useful reference guide for experienced modelers. Most importantly, it is the first book any publisher has released on this topic in 15 years. So, it is the most current and reliable source of model railroad wiring information you will find anywhere \$38.00

**[PM-201] Not Stated. Your Guide to Modelling American Railroads.** Devon, England: Peco Publications, 2014. First Edition. Soft Cover. New / No Jacket. ISBN: 9780900586019. 130 Pages with Colour Pictures & Drawings. Big trains, big scenery, and the ever-appealing attraction of the "American Dream" may well explain why building layouts of US and Canadian subjects are so popular amongst British modellers. Nevertheless, there are many modellers for whom the subject is still a bit mystifying. The purpose of this book is to reach out to modellers with all levels of interest, whether already modelling, looking to build, or those who might be persuaded to tackle this prototype but need a bit of a helping hand. Part of the expanding "Modellers' Library" family of titles, as well as featuring some truly inspirational layouts the book will cover some of the basics, such as explaining the appeal of American railroads, the terminology used, typical track plans and an introduction to the British Region of the NMRA. Feature articles include modelling mechanical interlocking (point rodding to you and me!), the card operating system so often used by American modellers, and a fascinating selection of previously unpublished black & white photos from WWII, taken by a new RAF recruit travelling across America by train en route to training in Arizona. This book, unlike our periodicals, will be a permanent part of the range, and could well form part of a growing series of titles covering specific countries. \$23.80

**[PM-200] Not Stated. Your Guide to Railway Modelling & Layout Construction.** Devon, England: Peco Publications, 2015. Second Edition. Soft Cover. New / No Jacket. ISBN: 9780900586002. 124 Pages with Colour Photos and Drawings. This new book fills a void in our publications range, being the definitive PECO guide to building a model railway, and at a price that will make it ideal for first-time modellers! Explaining the whole process of building a layout, from the planning and inception stage, right through to adding the final scenic details, and everything in between, this book is the essential guide! With both practical advice and step-by-step articles, every chapter explains each stage with clarity, supported by full colour diagrams and photographs. Although aimed at those new to the hobby, and returnees too, this book will also be a handy reference tool for more experienced modellers. \$18.60
