

Magazines

We are currently updating and re-cataloguing our large collection of individual magazine back-issues and wrapped year-lots of magazines. This has made it difficult for staff to locate some stock that had previously been online in our listings, due to a large proportion of the collection being placed off-site. Once this process of cataloguing and sorting has taken place (approx. end June 2015), we will be able to resume telephone, mail and email ordering of these items. The full range is still available for in-store customers to browse.

We apologise for any inconvenience.
